CC: Vicki Bailey

Jay:

I started to look at the Highland Mist LMO you submitted, and the first thing I noted was with the permit fee. You submitted a check for \$500 with the LMO, and since the permit fee had already been remitted for the SMO for this year, you only needed to remit \$350.

The easiest way for us to remedy this is for you to send/bring in a check for \$350.00 and we will give you the \$500 check back (WOW, what a deal, get 500 for only 350!). Otherwise, we will need to deposit the current check and then process a refund of the \$150 (which could take several weeks).

Please let me know what you prefer - if you bring the check in and I am not in the office, ask for Vicki Bailey.

Thanks.

Have a great Veteran's day!

Dear Paul:

Reference is made to the AGR Minerals, LLC's Highland Mist Small Mine Permit S/021/0035 located in Iron and Garfield Counties. We are applying to expand this to a Large Mine Permit.

The permit/mine area lies entirely on State and Private land, all of which are covered by State Metalliferous Mineral leases. We are submitting the following information to you.

1. Application fee of \$500.00
2. NOI to Commence Large Mining Operations (1 copy)

Please advise us if you find this application is incomplete. We look forward to your review.

Sincerely,

O. Jay Gatten
